Global Partnerships.

Community: The core Metric for Success.

Ingredients for massive CHANGE

1# Fertile Soil Nurtured by Subversives.

Ingredients for massive CHANGE

2# Generational Paradigm Shift.

SPEEDDDD.

Ingredients for massive CHANGE

2# Generational Paradigm Shift.

SPEEDDDD.

Digital Money.

Ingredients for massive CHANGE

3# Technology Enablers.
Decentralization.

Ingredients for massive CHANGE

3# Technology Enablers.

Decentralization.

Volatility.

Ingredients for massive CHANGE

3# Technology Enablers.

Decentralization.

Volatility.

A full new spectrum of possibilities.

Why are we not there yet?

Scalability issues.

Crypto-Kitties.

Why are we not there **yet?**

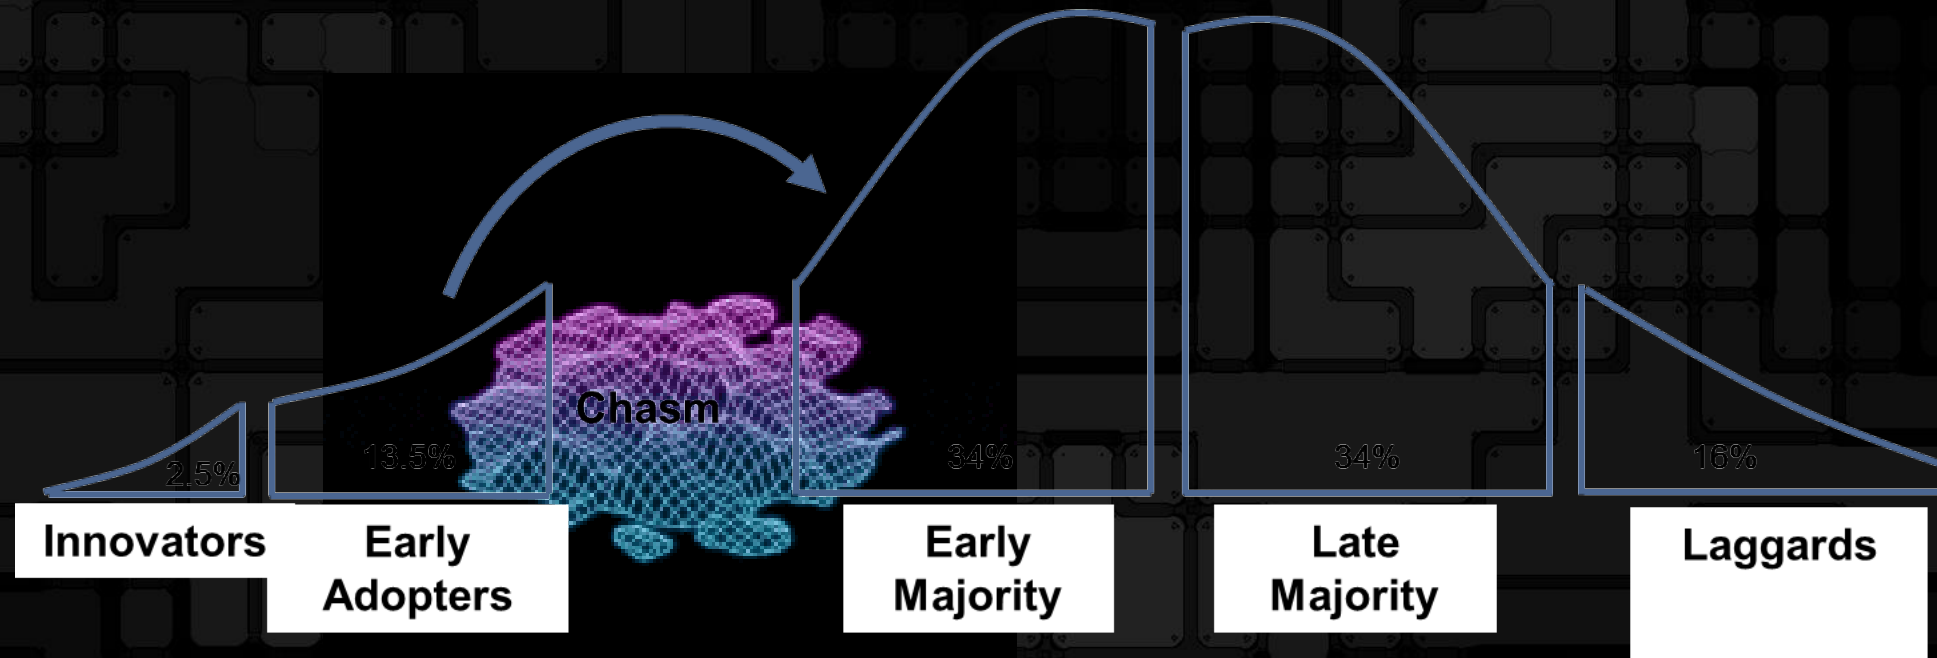

UX/UI-Usable Products.

So, What do we need?

Basic Infrastructure focused on UX.

So, What do we need?

Basic Infrastructure focused on UX.

Consumer Management Proto

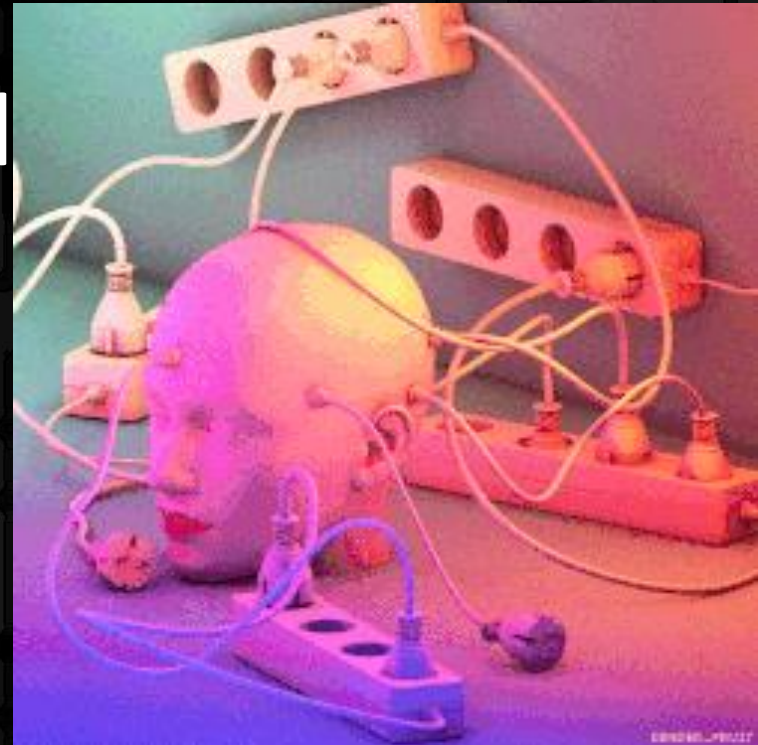

So, What do we need?

Basic Infrastructure focused on UX.

Consumer Management Protocol

Multi-Ledger Integrations.

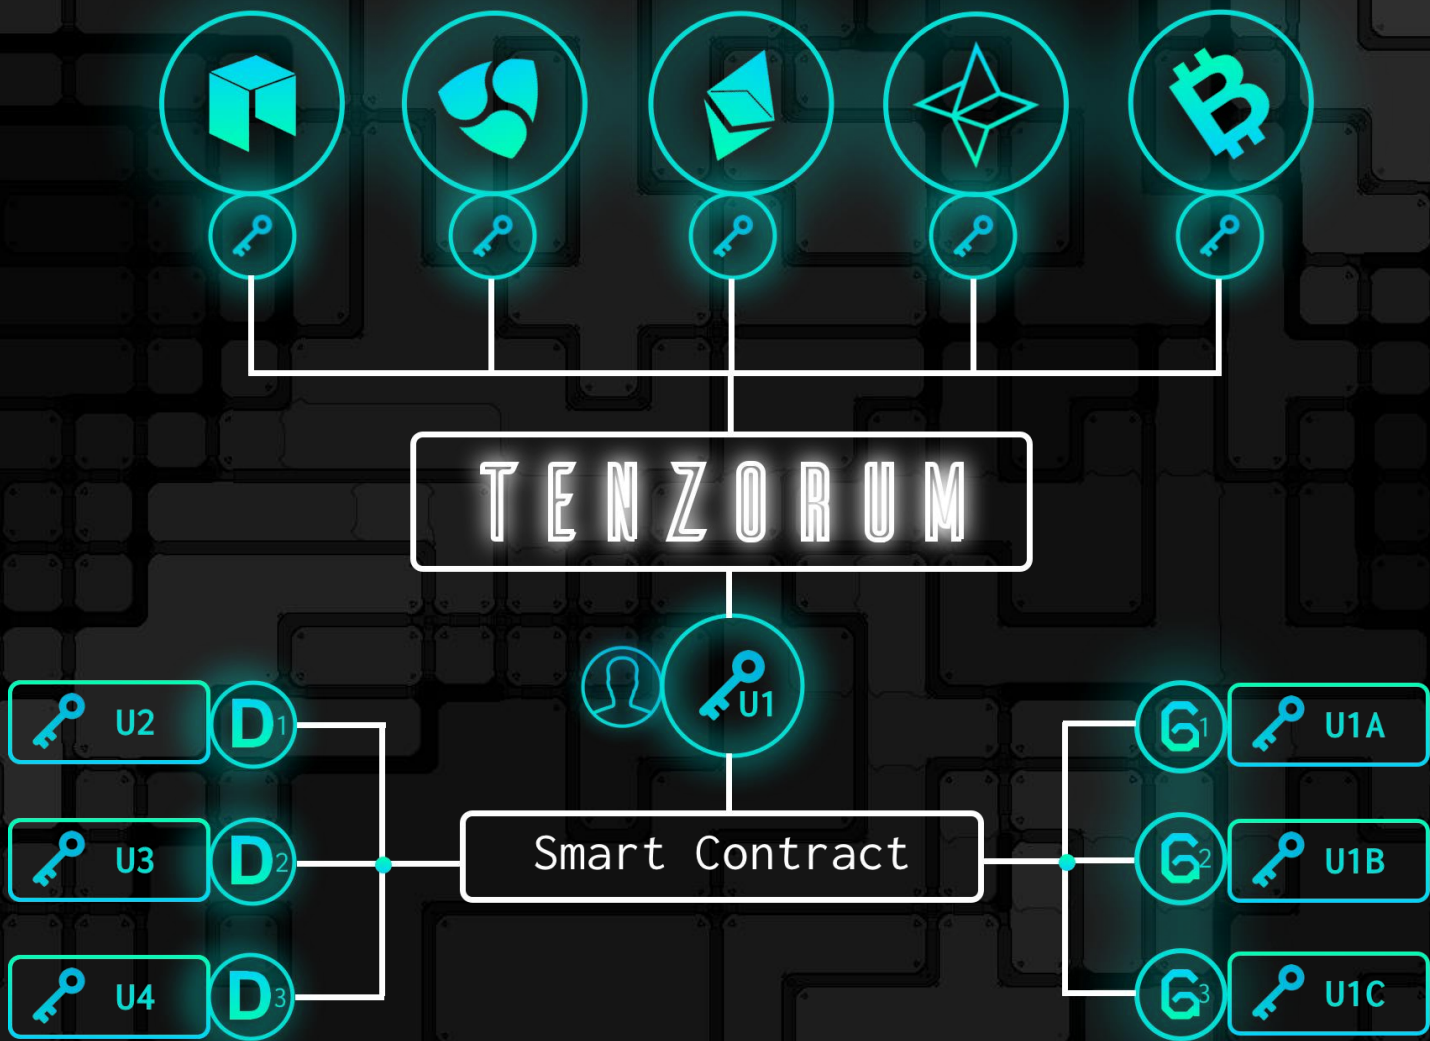

TENZORUM

Key Management Protocol for the
decentralized web.

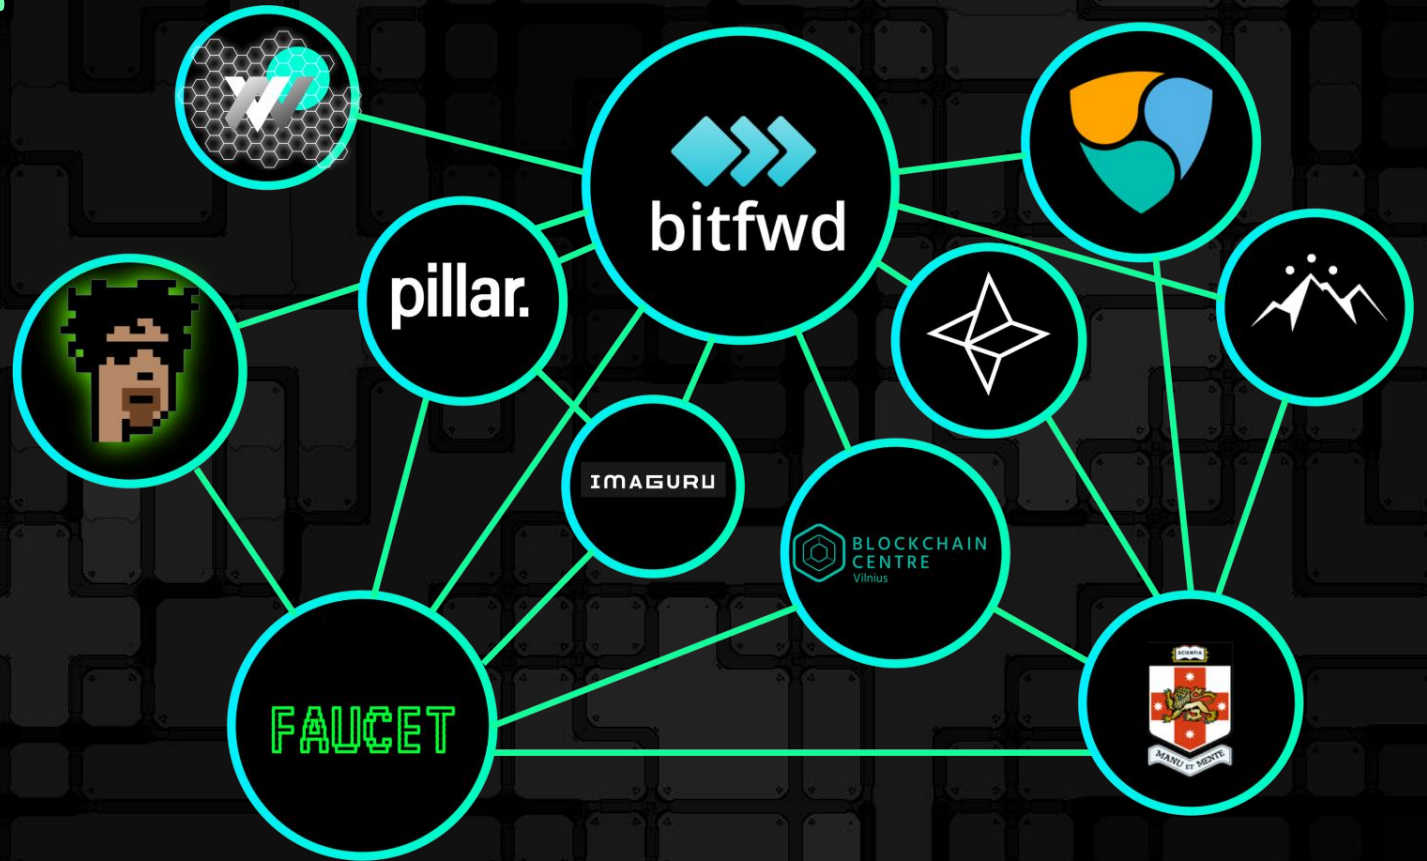

Web of Trust.

Secret Sharing.

User-Centric
Implementations
